## Bosch-perez : "the Animation Of The Port"

1 750 EUR

Period : 20th century

Condition : Restauré par notre atelier

Material : Oil painting

### Description

Thanks to the masterful restoration of Atelier Lafouresse, this large painting has regained its original appearance: freed from the clumsy repainting that weighed it down and cleaned of decades of grime, its expressionist verve gushes out, flowing directly from the tube of paint in large flat areas between Othon-Friesz and Marquet.

The subject, a bustling port in front of smoky factory chimneys, dockers unloading barges and barges, takes us directly into the Entre-Deux-Guerres.

If the Artist is unknown to dictionaries, there is an Emilio Bosch-Roger who worked in a similar style and similar subjects in Barcelona, perhaps a parent, even a pseudonym ?

Oil on canvas without frame 108 X 95 cm, circa
