

Mid-century French Clear Acrylic-glass Table Lamp Grey Colored Silk Shade 1960s

2 900 EUR

Period : 20th century

Condition : Parfait état

Material : Acrylic

Diameter : 41

Height : 72

Description

Cubic, extremely decorative table lamp made of solid acrylic glass with a gray silk shade by DEDAR, Milano.

The massive octagonal base is already very effective in its appearance, now a lamp base sits in it, which also appears strong and massive, together a good team.

The gray silk shade, lined in white on the inside, lets the light through and the coarse silk, which has a slightly iridescent texture, goes perfectly with the solid base.

The shade measures 42cm x 30cm.

Due to 2 sockets, the object can develop a good luminosity.

The square base measures 10 x 10cm x 38cm

The octagonal base measures 22cm x 6cm.
