

Pair Of Candelabra In Bronze And Brass Nineteenth.

1 300 EUR

Period : 19th century

Condition : Très bon état

Width : 25

Height : 29

Description

Very nice pair of 19th century candelabra in the style of Henri DASSON, representing young fauns holding two sconces by bending their arms in front of them to support them. The fauns are on a terrace on which there is a large vine. They are vine branches that form the sconces. Double patina, bronze and golden.
