### Description

Skulls in jewelry jewelry In the West, jewelry is also a reflection of mentalities and anxieties, they have an important place here From the Middle Ages to contemporary times, the deadly feelings were also widely expressed by rings, necklaces and bracelets. These earrings are mounted with Italian hooks. Skulls are carved in black agates - the eyes are made of fine opals - a diamond cut in "rose" is installed in the middle of the forehead - on the chin a little golden spike
