Condition : Parfait état

Material : Porcelain

Description

Miniature meiping vase, in Stasuma porcelain, from the early 19th century, in perfect condition, with a signature on the bottom. The realization of this type of vases was in itself a technical feat, since the artist had the task of representing the maximum of different scenes in many reserves which, on a background of brocade, fragmented the body of the vase. This one is perfectly successful, without repentance or overflow.
