

XIXth Century Mechanical Tapestry

1 000 EUR

Period : 19th century

Condition : En l'état

Width : 1m40

Height : 3m

Description

19th century mechanical tapestry, subject taken from 18th century greenery, animated scene "young woman, donkey and child near a stone bridge". The tapestry itself is in good condition, despite some stains (to be cleaned) but the border is to be restored, many holes and stains. the border can be separated from the tapestry since it is sewn and can be replaced. the whole remains very beautiful and of a beautiful format.
