Description

Suite of four candlesticks in silver bronze The base is circular, the barrel in a baluster. Large sizes, very stable and heavy, they can be mounted as a lamp (see photos) This work most certainly comes from the house of Ercuis to satisfy an order from the military chaplaincy for offices outside. Besides, a wooden case is provided for the storage and transport of the four pieces. One of the four has no circular metal plate under the base. Completely original, beginning of the XXth century weight of a piece about 2.5 kg (Ercuis is a goldsmith's business founded in 1867 in the village of Ercuis in the Oise).
