### Description

In their original Empire period frames. Biblical subjects: - Judith and Holofernes. -Abraham sends Hagar back. -Rebecca at the fountain. After Horace Vernet, engraved by Jazet. The gilding of the frames is in very good condition (small accidents in the corners). The engravings would need to be restored, small spots of rust, halos. The whole is interesting by the size, the beauty of the frames and the quality of execution of the engravings.
