Description

Painting from the museum, "Before the hunt" in the 17th century A beautiful and very extensive scene representing a trip probably to hunting, in the distance you can see falconers, dogs. The museum class image on a stretcher shows many stickers and signatures after professional conservation. I recommend it, it's worth it
Technique: oil on canvas Origin: Western Europe
Creation period; 17th century Dimensions: with a frame of 66 cm by 92 cm
