Description

Important, view of Mountain presenting the Gorges du Verdon, Alpes de Hautes Provençes. Work signed Paul Augustin Gueillet, located and dated: "September 1930, last rays at the sublime point, Gorge du Verdon PA Gueillet." Shipping label on the back of the chassis. Table whose manner is truly marked by its time, made very inspiring, felt immensity, calm, infinity. Very nice palette, notably the roses come punctuated and highlight the reliefs. The table presents an old invisible restoration, two small gaps, deserves a cleaning. (these works can be carried out at our expense before sending). The painting is framed by a frame called "Montparnasse", "faux-marble" patina, original frame.
