

Pair Of Miniatures Painted In Grisailles. Nineteenth Century

600 EUR

Period : 19th century

Condition : Très bon état

Material : Parchment

Diameter : 6,... cm

Description

Miniatures painted in grisailles on cardboard. XIXth century work. They represent sources at Spa Belgium, animated by characters. Very refined work. They are both in very good condition, but one glass is missing on one, the other has its dirty glass, but having never been unframed, I preferred to leave it plain. Diameter without frame, 6, .. cm. They are both located at the top, in the center.
