

Art Nouveau Cane, Leather Rings Shaft

320 EUR

Period : 20th century

Condition : Voir descriptif

Length : 86 cm

Description

Art Nouveau cane. The octagonal shaft consists of leather rings assembled around a metal rod. This shaft has a diameter of around 0,67 inches on the upper part and is refined to reach a diameter of around 0,27 inches on its lower part. The handle is gold metal engraved with leaves on the top and a bee on the side. The cane is in good condition, to signal a slight depression on the end of the pommel, part which made it possible to knock on the doors. The entire cane measures 33,86 inches. France, circa 1900.
