Ball Fountain In Pink Granite

1 700 EUR

Period : 20th century

Condition : Bon état

Diameter : 40

Description

Ball fountain made up of a pink granite sphere. This technology consists in digging a cavity in the base, the same diameter as the sphere, and making a hole to let the water pass which lifts the ball and gives it a sense of rotation. The base is also made of granite. The astonishing aspect of this fountain and its rotary movement, allow a unique decoration at the entrance of an establishment, a store, a hotel or a property. The diameter of the granite sphere is 40 cm and the base measures 70 cm x 50 cm
