### Description

Very nice piece of furniture entirely in fir, well in its juice, except lacquers (different eras), with its beautiful original blown glass tiles. Good condition; it nevertheless requires some notions of DIY for installation and reassembly. Indeed, each body, that is to say the upper body and the lower body, is split in two by the middle. Transport is therefore easier (about 140 cm long). A note: some minor accidents in the funds at the level of the assembly of the two elements. Shelving adjustable at the top by racks: 4 shelves on each side, and 1 shelf on each side in the lower part. Dimensions: Depths: bottom: 57 cm, top: 35 cm Bottom height: 95 cm depth of the tray in front of the upper body: 21 cm
