Description

Unique piece of furniture made from recycling at the time. It was made from a delivery case for parcels to traders in the 1900 period. All the massive marquetry is made up of name backing, manufacturer's sign or wholesaler marked with iron and ink. The indoor drawer attests to my words. The work of realization in solid wood and time is enormous. The patterns are in: chevron cubes with frieze fillets .... The gallery is fretted. the work is artisanal and neat. Possible delivery not included in the price.
