Description

Solid silver compact with integrated lipstick case. French work from the beginning of the 20th century, hallmarks "800", "Mecan" and the goldsmith's mark with the letters J and D separated by a fleur-de-lys. The lipstick case is fitted with the same punches, to which is added a "mygale" charençon (punch in use since July 1, 1893 for works with a minimum title of 800 from foreign countries).

The opening is done by pressing the lipstick case which acts as a push button. An oxidized mercury mirror is placed on the upper part. On the lower part, the compact opens with its handle.

It is slightly damaged by a visible dent on the right side and a slight scratch on one of the four edges.
