Wrought Iron Nutcrackers And Hazelnuts From The 18th Century

580 EUR

Signature : Anonyme
Period : 18th century
Condition : Très bon état
Material : Wrought iron

Description

Wrought iron nutcrackers and hazelnuts from the 18th century

Two arms / levers, articulated on a plate in two sizes according to the fruit to be shelled, each ending in a seed pierced and turned into an ellipse.
The cartridges receiving the fruits, marked with a needle, are decorated on both sides with projections by filing.
This work combining taste, adjustment and finish for a tool of everyday life or folk art is fully expressed, suggests that this work was aimed at a quality table
