Description

Very elegant portrait of a Goelette called the Horizon. This beautiful watercolor from the great Marseille specialist in watercolor in the 19th century is signed lower right and titled the Horizon "lower left. It is framed under glass in an elegant wooden frame and measures 43 cm by 58, and 24.5 cm by 39.5 cm at sight. The work is in good condition, only a few spots of "rust" but very inconspicuous and usual for watercolors of this period that I can take care of having my Note that the glass makes it difficult to take photographs which unfortunately do not restore the real quality of the work.
