### Description

Important Limoges porcelain vase, Art Nouveau style, decorated with dragonflies among daffodils. Four sockets make it possible to seize this vase with eventful forms in a pure Art Nouveau style. This magnificent piece of form comes from the Haviland Limoges factory, however it has no signature. The shape of this vase has been used several times for collaborations with certain great creators, such as the "Zeus" version with elephant decor by Kyriakos Kaziras, the "Rivière" model decorated with exotic birds or the Chinese lacquer model black with golden sockets. Shipping costs in mainland France 40 euros. Other destinations consult us.
