### Description

Exceptional painting representing horses in the Camargue, in a large 82x62 format. Frame lost in a family move. Apparently from the descriptions very beautiful, oil in good condition painted on panel, unsigned but probably with a great hand given the nervousness of the lines and the mastery of colors !! Table from a beautiful Bordeaux collection! Very decorative and superb !! Purchased by parents in the 1950s. Sold in its own juice !! Notice to amateurs !!! Very beautiful !!
