Description

Elegant Louis XVI style armchair in walnut, XIXth century. Beautiful richly carved woodwork, with atypical decor - the top of the backrest is carved with ornamentation symbolizing the arts of painting and music combined. Pearl gray velvet cover fabric. The whole is in house condition, beautiful patina. A small lack is to be noted in the woodwork (at the level of the lyre, see photos), the seat is correct: the seat has been resangled by an upholsterer in order to restore firmness to the seat and allow to prolong the life of the filling.
