### Description

KVAPIL excels in nudes and portraits, painter of the Paris school, he shows a delicate use of cubism and fauvism. Never falling into ease, he paints delicate genre scenes and sticks to his time. The atmosphere of our work rubs shoulders with the coldness and metaphysical questioning of Howard Hopper's paintings. The word of the nude who has not yet crossed the threshold of the door questions his androgynous interlocutor. Beautiful subject with a latent mystery that fits well with this rising artist.
