Description

Description:gilded and chiseled bronze, white marbleThese beautiful candelabras from XIXth have a beautiful antique-style base in a column with rudent grooves , on a base with a laurel torus and straight sides with striated reserves, the characters on the columns are probably Daphnis and Chloé, heroes of a Greek story written during Antiquity.Pensive Chloe is seated on a sheaf of wheat and hanging Daphnis eats a bunch of grapes; a quiver on the ground symbolizes their romance. The branches growing around them become the 6 sconces in a charming vegetal jumble. Note the quality of carving in the flowery hair of Chloe, for example.
