### Description

Richly decorated with a floral marquetry of fruit woods on a walnut background. Decorated with birds, insects, flowers and vases on all parts. The opening of the cylinder is actuated by a mechanism which brings out the tablet. It allows access to the theater part decorated with many straight and curved drawers. As well as a central opening with curtain hiding a drawer framed by two columns, one of which has a secret. The Bronzes are original. Lower part, curved shape opening with three drawers. Furniture completely restored and varnished with a buffer by our cabinetmaker. Free delivery in metropolitan France.
