Landscape With A Rural Scene From The Early 19th Century

1 500 EUR

Period : 19th century

Condition : Très bon état

Width : 38

Height : 45

Description

Landscape scene with figures in the foreground with a bridge and travelers and herds in the background.

The pictorial style recalls French Romanticism but the figurative apparatus follows that of the Venetian painter Giuseppe Bernardino Bison (Palmanova, June 16, 1762 - Milan, August 24, 1844).

It is probably a tempera painting on canvas from Veneto or northern Italy. The painting has an original lacquered frame and is placed under glass. Its measures are 37 x 45 cm. The sale will be accompanied by a historical guarantee of authenticity.
