

Paris Porcelain Egg Cup From Empire Period

250 EUR

Signature : Attribue aux ateliers LeBon & Halley

Period : 19th century

Condition : Très bon état

Material : Porcelain

Diameter : 4.6

Height : 5.4

Description

Beautiful egg cup in Paris porcelain from the Empire period in ovoid shape, white background decorated with large gold threads, resting on a pedestal. Excellent condition for an egg cup which is over 200 years old, it is like new and would appear almost contemporary. I sell an almost identical egg cup with a variant at the level of the pedestal that can form a pendant.
