

Safe Simulating A Napoleon III Support Cabinet, Henri Monard Paris

1 580 EUR

Signature : Henri Monard, Rue de Lyon, Paris

Period : 19th century

Condition : Bon état

Width : 48

Height : 85

Depth : 41

Description

Nice little period safe late 19th - early 20th century. Locksmith mechanism hidden behind a removable rod. Thanks to this and its gilded bronze ornamentations, it simulates a small Napoleon III support cabinet. Recessed marble top (glued in the central part, invisible on the top, but visible below, see photo, without gravity: very solid). We have its keys and its original instructions. Mechanism in good working order. Manufacturer's plate inside: Henri Monard ...
