Description

Andalusian school of the 17th century.
Extraordinary polychrome sculpture. Santo's head, large. We cannot say anything about the fatherhood or the saint in question, although it could well be San Juan Bautista or San Francisco. The wonderful expressiveness, the drama and the nobility that emerge from the features, masterfully drawn, leaving no doubt about a paternity perhaps due to one of the great Andalusian Baroque imaginers. Measures: 23 x 19 x14 cm. about.
