Description

Bestiary brooches each representing a delicately chiseled beaver holding a small branch between its paws. The eyes are rubies. The attachment system is a hook with security. Period: 20th century
Main material: 750 thousandths 18K yellow gold, eagle's head hallmark. Proportions: Height: 17.1 mm, width at the widest: 2.8 cm. Total weight of the entire jewel: approximately 8.8 g. Authentic old jewel - French work from the 1950s. Hallmarked by the Parisian jeweler Braun. Our opinion: Mischievous, each bestiary brooch is particularly well made. To wear in an offbeat way.
