Description

Chest of drawers Curved transition in front. It opens with three drawers and rests on 4 small roll-up feet (not grafted). It is topped with an original solid walnut top. The three drawers are decorated with a central medallion made up of inclusions of walnut and boxwood cubes. A double net running along the edges of the drawers underlines the latter. Two "macaroon" drop handles and a gilt bronze keyhole adorn each drawer. The sides have "chapel" moldings. Very good original condition!
