Description

Louis XVI style Algerian onyx fireplace cut at the beginning of the 20th century, its arched top with a projection matches the general shape of the fireplace, its molded reserve band is accosted by rosettes supported by windings carved with acanthus leaf, its jambs are decorated with rudentés flowery canals, its concave sides are adorned with frames with spandrel panels. Its body length is 138 cm. Its hearth slab as its shrunken brass embossed with adze motif are original. The dimensions of its hearth are 58 cm wide and 71 cm high.
