

Oil On Canvas, 19th Harvest Scene

1 800 EUR

Period : 19th century

Condition : Bel état

Material : Oil painting

Width : 57

Height : 63.5

Description

Oil on canvas, representing the harvest.

In the center of the canvas, we recognize a man with a halo. It would probably be Saint Vincent patron saint of winegrowers.

Painted in the Symbolist style, with pastel colors. We are witnessing the picking of the grapes, on the left side, and in the background the crushing: to burst the grape berries to extract the must without crushing the seeds, done with the feet.
