Description

Very beautiful painting by Marc Seris in abstract style. On a large rectangular canvas, we can see an aggregation of different materials with essentially part of a large sailboat canvas painted in blue. The seams of the sail form a graphic separation in the center of the painting. The whole is represented with a very extensive chromatic palette. In a "Pollockian" vein, this work is loaded with emotions and very intellectual. Worldwide delivery possible. This object can be viewed in our Bordeaux store at 56 rue Notre Dame. The objects are carefully packed in our workshops before delivery. Do not hesitate to contact us for more information
