500 EUR

Signature : Alexis Boissonnet

Period : 20th century

Condition : Quelques restaurations, voir descriptif

Material : Sandstone

Height : 45 cm

Description

Alexis Boissonnet

Rare woman in medieval costume.

In the likes of Violet-Le-duc

Alexis Boissonnet excelled in Art Nouveau ceramics just like Dalpayrat or Delaherche.

I note that the head has been glued and two small chips restored at the base. These restorations, carried out in an excellent restoration workshop, are hardly visible.

The cooking cracks that can be seen inside are not visible outside the room.
