Description

-A real beautiful original thick mahogany veneer -An original clover locksmith -Two well carved lion claw feet and original antique bronze patina. -A thick original Belgian granite marble for example. It is a high quality piece of furniture, in the style of the great cabinetmakers of the turn of the 19th century. I think Molitor connoisseurs will instantly dub him. The sobriety and the Architecture unmistakably reminds this cabinetmaker. The socket buttons are a model used by him on other models. (I can remind you of the references). Be careful, to buy only with enthusiasm. Good original condition, some inevitable micro cracks here and there.
