Description

Paul Émile Lecomte presents here two views of the French Atlantic coast, probably Breton - a region he loved so much and whose marine atmosphere he painted. This pair of aquatints, whole unmarked and unglued planks, certified with pichepin frames, is in excellent condition. One aquatint bears the indication of the serial number 117/125, the other 92/125. Each is signed and shows a very good quality of engraving, which makes it rare. Photos taken under glass: please excuse us, at your disposal for other photos. Dimension of the works without frame: 79 cm (width) x 61 cm (height).
