Ivory-colored cashmere (70 %) and wool (30 %) point shawl with edges trimmed with lambskin fringes, also ivory color. Note a tiny hole (see photo) as well as a very light blue line, probably a pen (see photo). I would like to point out that these two imperfections are not visible on the shawl worn, they are indeed when you look very closely, and in no way detract from the allure of this superb piece from Maison HERMES.
Dimensions 2.10 cm and 1.35 cm sides.
