Description

Beautiful ewer, saucer and its shuttle basin in white porcelain and gold decorated with a large vegetable frieze and nets. The set is attributed to the manufacture of Bonneval in Limoges for the porcelain, to the manufacture of Locré in Paris for the decoration in vegetable gold as well as Nast in Paris for the saucer which is signed with an N. L. The whole is of remarkable quality, see museale. The gold is of superb quality, no scratches or restoration; to note: a small hair in the bottom of the basin. The set will perfectly complement an Empire decor, a rare piece in this state of conservation, knowing that the set is over 200 years old. For Collectors Basin dimensions: L 37 x l 24 x H 9 cm Ewer dimension: H26.5 x l 14cm Saucer dimension: D17cm
