Description

Very beautiful sculpture by Ferdinand PARPAN (1902 - 2004) representing a young naked woman. Bronze sculpture with green patina, stamp of the founder and marked EA 1/4 (Artist's proof 1/4) Born at the very beginning of the 20th century, the sculptor PARPAN participated in all the movements of this bubbling era. His art is particularly asserted in a synthetic search for forms between cubism and impressionism which never departs from figuration. He expresses his talent in highly stylized animals and in the glorification of the female body. Dimensions: Height: 52 cm
