# Large XIXth Cup In Silver Metal

650 EUR

Period : 20th century

Condition : Bon état

Material : Silver metal

## Description

Large and spectacular cut from the early twentieth century in silver metal. It rests on 4 ball feet supporting a polylobed base. The cut at the cylindrical base begins in a piedouche surmounted by the faceted shaft. The set finely chiseled with floral motifs and ribbons with a badge in the center. On the sides there are 2 handles in comma, whose attachments to the barrel are decorated with leaves. The set is capped with a cover with a pinecone grip. High quality work in very good condition, unmarked and with a repair to a handle visible in the photos.
