Description

Very original small Venetian table-box in Louis XV style. This small 19th century piece of furniture is typical of the typical Venetian work of that time. The delicacy of the cabinetry and the finesse of the painting give this room a very special appeal. It is therefore nicely eventful, the arch of the feet is pronounced. The top reveals a storage space. The main interest of this piece of furniture lies in the paint job. Indeed, the floral decorations are of superb quality and can be found on the whole of this table.
