

## Important Fine Earthenware Planter

450 EUR

Period : 19th century

Condition : Très bon état

Diameter : 39 cm au col 46 cm au plus large de la panse

Height : 40 cm

### Description

Important fine earthenware pot with a dark brown glazed glaze, with a silver and gold decoration. This decoration consists of a gold star under the collar and alternating three vertical bands of a floral decoration in silver lace. The interior is turquoise in color. On the reverse, a paper label indicates the place of purchase: "the Etruscan vase" 20, bd Malesherbes in Paris. Work from the end of the 19th century, probably from eastern France.
