Vintage Coral Cameos Gold Earrings

1 800 EUR

Period : 19th century

Condition : Parfait état

Description

This is a pair of vintage gold earrings with a very large piece of coral reproducing an ancient Roman coin. In one side we have a head of Hercules with a lion's skin on the head. On the other side, a warrior with a cup in his hand as a sign of victory. The engravings are of premium quality, very detailed and realistic on the large piece of coral. 14K gold (tested by touchstone). From Neaples. They are in perfect condition.
