Dutch Showcase

2 500 EUR

Period : 19th century

Condition : Excellent

Width : 150cm

Height : 204cm

Depth : 42cm

Description

Splendid Dutch showcase from the end of the 19th century in walnut burl veneer on an oak frame. The front paws are carved in the mass in the shape of lion paws enclosing a ball. This elegant little piece of furniture has just been repolished. The showcase has four shelves with plate support slots. So this showcase can act as a dresser.
