

## Chandelier With Tassels And Pendeloques, Four Arms Of Light, Mauve Color.

980 EUR

Period : 20th century

Condition : Très bon état

Diameter : 44 cm

Height : 80 cm

### Description

Beautiful chandelier with four sconces. The frame is in bronze and brass and is embellished with a beautiful ornamentation of pendants in the shape of plates, some of which are mauve. The central rod is covered with two molded glass elements. The four sconces are terminated by a glass dish. The lower part of the chandelier ends with a crystal ball surrounded by seven cut myrtles. The electrification is in good working order.
