

Ewer And Its Porcelain Basin From Paris Early Nineteenth Century

230 EUR

Period : 19th century

Condition : Bon état

Material : Porcelain

Length : 37

Width : 22

Height : 28

Depth : 8

Description

Beautiful ewer and its basin in white porcelain say from Paris enhanced with a decoration painted in gold. The decor is worn in places but this does not detract from the aesthetic quality of the object. The so-called Oenochoe shapes of the ewer and the basin shuttle make this object a heritage from the Empire period.
