### Description

Description :

Gilded and patina bronze.

These spectacular lights recall the fashion of Antiquity or Etruscan in Paris in the 19th century, although very interpreted, the daring design is elegant while mixing wide curves and straight lines with sharp edges. On a large base with antique patterns and sharp angles, we notice a winged lion carrying an urn, adorned with a Greek ring and chains. A scroll decorated with an antique stylized flower serves as a visual buttress.
