

## Pair Of Restoration Era Candlesticks

380 EUR

Period : 19th century

Condition : En l'état

### Description

Pair of candlesticks from the Restoration period, circa 1820, cast and chiseled bronze and brass with an elegant decoration different on each floor: braces, braiding, quarte-leaves and double spiral, etc. That of the base showing a strong wear attesting to innumerable polishing operations having completely erased the old gilding which was to cover them ...

24.6 high by 11.5 in diameter at the base. They must have fallen several times because binets and bases show deformations.
