Beautiful Candlestick, Candle Holder, Lacquered & Silvered Wood, France 17thc

185 EUR

Period : 17th century

Condition : Dans son jus !!

Material : Solid wood

Description

Freshly found this morning, I present to you this beautiful candle holder in its own juice! Rather tall and thin, it is lacquered and genuinely silvered on a turned and carved wood base. The upper corolla, holding the candle, probably later, but it fits well. On the back, the decoration is absent. Ease of the manufacturer, or lack?

Condition: Please take a good look at the detailed photos. The decoration on the back seems absent, but I don't know if it was born that way. Some small swings, clearly visible, as well as a chip on the edge, indicated by a white arrow. Thank you for knowingly purchasing.

Beautiful antique item, probably French, dating from the first half of the 17th century.

Dimensions: 48cm H 9cm at the widest.
