Description

superb panel of reclaimed wood painted by the artist representing a still life of fruit. Pictorial technique of the 40s with a pretty colorful palette. Here bananas, oranges, vegetables, and a jug of wine. Unsigned but given the quality made probable by a great painter of the time. Rather heavy wood panel with an inlaid and painted hanging ring, mixed technique undoubtedly desired by the artist. To create a pictorial shift: very nice !! Very decorative panel and of very high quality! Do not miss ! Superb and current for the decoration !!
